

Minutes for February

Meeting called to order at 10:33 by John edge

John instructed those to review minutes

Minutes passed

No city report from Jonathan Batts

Vanessa: Transportation report by Vanessa: New shelters and benches are continuing to go up. We just added one on 41st street. We will start a bunch of outreach this spring. We will be at the miracles in motion 5k next week. We were at the polar plunge 5k in Kure beach. Paws for People and wave have paired to help instruct drivers as to how they can help with those who have disabilities. We are working on a veteran's project. We are also working to get Dart rides approved for local senior centers. The Leland senior center will open February 20th. We are working on bugs on our app but it is in its soft launch so please check it out. We will be adding a bus stop at the new Senior center in Leland on Village Road.

Outreach Report

No updates on new speakers for the year but we are looking for ideas on speakers that we can bring into the meetings. David Todd is going to be in accessibility training for the next few months and we will continue to bring others in but he will not be present at the meetings.

John brought to the attention of those attending that anyone who wants to talk about their organization are welcomed to.

Old Business

Miracles in motion will be on February 25th @11 Am @Olsen Park

New business?

Meeting adjourned @10:48
