

REROUTE THAT SPOUT!

Healing our waterways is as easy as...

1. Visit your local home improvement store and **buy a flexible downspout extender** (~\$10).
2. **Find your gutter downspout(s)** that drain to hard surfaces.
3. **Attach the extender** and direct it into your yard or garden, away from pavement.

Help keep bacteria, motor oil, fertilizers and pesticides out of our local creeks.

Reroute the spout and keep pollution out!

U.S. POSTAGE
PAID
WILMINGTON, NC
PERMIT NO. 201

Rerouting your downspout is a simple solution with far-reaching benefits! It's free water for your plants AND reduces the amount of rainwater running over polluted surfaces.

Let's work together to keep pollution out of Hewletts and Bradley Creeks!
