

Hey
Human...
Clean up
after ME!

Did you know? Leaving pet waste on the ground causes harmful bacteria and nutrients to wash into our waterways when it rains. This bacteria can make humans really sick too!

-  **Clean up after pets on any public property** (streets, sidewalks, parks, etc)
-  **Always carry a clean-up device** (bag, scooper) **and be able to show it to a Code Enforcement Officer**
-  **Dispose of pet waste in a closed trash can or refuse container**
-  **Do not flush animal waste down the toilet** (CFPUA Ordinance)
-  **IT'S THE LAW!!** Fines are **\$250** for non-compliance

Be a Good Neighbor...Clean up after your pet!
